

Cyber Security Essentials Checklist

KNOWALL
PRIVATE CLOUD COMPUTING

Ensuring your organisation's security is a top priority. This checklist is designed to help you assess your current cyber security measures. As you work through the questions below, please consider where your data is stored, the desktop applications you use, and any third-party cloud apps. Group these aspects together when responding. Your answers will provide a clear picture of your current security posture and highlight areas that may need attention. Take a moment to review each question carefully and select either 'Yes' or 'No'

1. DATA PROTECTION AND PRIVACY Cyber Essentials	YES	NO
Are measures in place to protect sensitive data (e.g., encryption, access controls)?	<input type="radio"/>	<input type="radio"/>
Do you ensure compliance with data protection regulations (e.g., GDPR)?	<input type="radio"/>	<input type="radio"/>
Is customer data stored, processed, and protected securely?	<input type="radio"/>	<input type="radio"/>
Is there a clear policy on data retention and deletion?	<input type="radio"/>	<input type="radio"/>
2. ACCESS CONTROLS Cyber Essentials		
Do you manage user access to systems and data effectively?	<input type="radio"/>	<input type="radio"/>
Is data segregated based on roles?	<input type="radio"/>	<input type="radio"/>
Is multi-factor authentication (MFA) implemented?	<input type="radio"/>	<input type="radio"/>
Are there defined processes for onboarding and offboarding employees or contractors?	<input type="radio"/>	<input type="radio"/>
Are privileged accounts managed and monitored?	<input type="radio"/>	<input type="radio"/>
Is there a policy on password management?	<input type="radio"/>	<input type="radio"/>
Do you use a secure method for password storage?	<input type="radio"/>	<input type="radio"/>
3. INCIDENT RESPONSE Cyber Essentials		
Do you have an incident response plan in place?	<input type="radio"/>	<input type="radio"/>
Can you quickly detect and respond to a cybersecurity incident?	<input type="radio"/>	<input type="radio"/>
Is there a designated incident response team?	<input type="radio"/>	<input type="radio"/>
Is there a defined process for reporting incidents both internally and externally?	<input type="radio"/>	<input type="radio"/>
4. NETWORK SECURITY Cyber Essentials		
Are measures in place to secure your network perimeter (e.g., firewalls)?	<input type="radio"/>	<input type="radio"/>
Do you monitor network traffic for suspicious activity?	<input type="radio"/>	<input type="radio"/>
Is remote access secured (e.g., VPN)?	<input type="radio"/>	<input type="radio"/>
Is your network segmented to protect sensitive assets?	<input type="radio"/>	<input type="radio"/>
5. ENDPOINT AND DEVICE SECURITY Cyber Essentials		
Is there a clear desk and locked screen policy?	<input type="radio"/>	<input type="radio"/>
Do you use antivirus software?	<input type="radio"/>	<input type="radio"/>
Is there a system in place for patch management and software updates?	<input type="radio"/>	<input type="radio"/>
Do staff access company resources only via company-provided devices (laptops and phones)?	<input type="radio"/>	<input type="radio"/>
Do you maintain an inventory list of devices?	<input type="radio"/>	<input type="radio"/>
Are all devices encrypted?	<input type="radio"/>	<input type="radio"/>

6. POLICIES AND GOVERNANCE

YES NO

- | | | |
|--|-----------------------|-----------------------|
| Do you have cybersecurity policies and procedures in place? | <input type="radio"/> | <input type="radio"/> |
| Are these policies reviewed and updated regularly? | <input type="radio"/> | <input type="radio"/> |
| Do you have a signed copy from your staff acknowledging the policies? | <input type="radio"/> | <input type="radio"/> |
| Are the policies and procedures stored in a secure location? | <input type="radio"/> | <input type="radio"/> |
| Is there a designated person responsible for managing the documentation? | <input type="radio"/> | <input type="radio"/> |

7. SECURITY AWARENESS AND TRAINING

- | | | |
|--|-----------------------|-----------------------|
| Do you provide cybersecurity training for your staff? | <input type="radio"/> | <input type="radio"/> |
| Is training conducted regularly and is it mandatory? | <input type="radio"/> | <input type="radio"/> |
| Do you conduct phishing simulations or other awareness programs? | <input type="radio"/> | <input type="radio"/> |
| Do you have a system in place to ensure that employees understand and comply with security policies? | <input type="radio"/> | <input type="radio"/> |

8. DISASTER RECOVERY AND BUSINESS CONTINUITY

- | | | |
|--|-----------------------|-----------------------|
| Do you have a disaster recovery and business continuity plan? | <input type="radio"/> | <input type="radio"/> |
| Is the plan tested and updated regularly? | <input type="radio"/> | <input type="radio"/> |
| Do you ensure the availability and integrity of critical systems and data during a disaster? | <input type="radio"/> | <input type="radio"/> |
| Do you have a data backup process in place? | <input type="radio"/> | <input type="radio"/> |

9. EMERGING THREATS AND FUTURE PLANNING

- | | | |
|---|-----------------------|-----------------------|
| Do you have a strategy for adopting new cybersecurity technologies and practices? | <input type="radio"/> | <input type="radio"/> |
| Do you assess the impact of new technologies (e.g., AI, IoT) on your cybersecurity posture? | <input type="radio"/> | <input type="radio"/> |
| Do you have a long-term strategy for maintaining and improving cybersecurity? | <input type="radio"/> | <input type="radio"/> |

10. CERTIFICATION

- | | | |
|--|-----------------------|-----------------------|
| Do you have Cyber Essentials Certification? | <input type="radio"/> | <input type="radio"/> |
| Do you rely on consultants to complete your certification? | <input type="radio"/> | <input type="radio"/> |

Results

If you ticked 'No' to any questions within categories 1-5, your business will have security vulnerabilities. Our Cyber Essentials package covers all these areas to ensure your organisation is fully protected. Additionally, we also cover categories 6-10 as part of our add-on security options to further enhance your protection.

We strongly recommend contacting us to discuss how we can help secure your business.
